

TECHCRAFT

GROWING WITH OUR CLIENTS

OUR COMPANY:

Started with IT sales 3 years ago, and we have accomplished so much over the years in the field of Information Technology. We are trying to create a world where delivering best IT solution has always been our goal. Our Founders are experienced Microsoft IT experts and were inspired to start this company by our Sales Expert from Dell and Lenovo. At TechCraft Electronics LLC, we encourage our community to have a curious mindset that fosters customer relationship and most importantly growth.

WHO ARE WE?

Information:

TechCraft Electronics LLC, is never satisfied with the status quo and we're always seeking to improve upon it. The core of business has never changed. Business has always been about creating innovative solutions and providing them to customers and creating customer value.

Foundation:

The company has grown in its stature through its satisfied customer base and has expanded within a year. The growth chart is the culmination of a dedicated sales and service team, rendering their expertise to diversified market segments in the region, with no compromise on the quality of services rendered.

History:

Established in the year 2022 in Dubai as an Information Technology Solutions and Service provider. We specialize in innovative IT solutions such as Information security, Communication & Collaboration, Managed Services, ELV & Security, Enterprise Networking, Cloud Computing and Virtualization
